

COLORADO
Governor Jared Polis

December 17, 2020

Dear Centura Health, Vail Health, Banner Health, Valley View Hospital and Children's Hospital Colorado,

From the bottom of my heart, thank you for coming together and collaborating to help increase public awareness and stop the spread of COVID-19.

This has been a tough year, and while we see a light at the end of the tunnel, it is more important now, than ever before, that Coloradans do their part to stop the spread. We know social distancing, mask wearing, washing hands and staying home when you can decrease the spread of this deadly virus and help save Colorado lives. Thank you again for your invaluable partnership. Hang in there Colorado!

Sincerely,

Jared Polis
Governor
